

CTE Leadership/CTEIG Network

December 8, 2016

Who should attend?

CTE Incentive Grantees, site-based and district office leaders, schools and districts receiving Carl D. Perkins funds, and career pathway leads.

Tools for Program Improvement Planning

Take a deeper dive into the CTE 11 High Quality Elements Self-Assessment tool to start your program improvement planning process. This workshop will focus on strategies for conducting the self-assessment and for creating a program improvement plan. Templates will be provided for the development of action plans.

Industry Partnerships and Engagement: CTE High Quality Element #5

Effective Partnerships with business and industry is vital to the success for CTE programs. Advisory committee tools and strategies for conducting regional advisories will be featured.

CTEIG Technical Assistance Q & A.

Time will be provided for technical updates, questions and answers related to CTEIG.
