

ENTREPRENEURIAL RESOURCES ARE AVAILABLE!

Entrepreneurs often are not aware of all of the resources that are available to them throughout their community.

Join us on April 8th for a virtual discovery of many of the resources we have in our region to help entrepreneurs and business start-ups.

Our faculty, administration, and students can all hear firsthand from those who work daily to assist these individuals.

 April 8, 2022

 10:00 AM - 12:00 PM
