The 2nd Annual Future Early Childhood Educator Symposium is a hands-on, student-centered event designed to inspire the next generation of early childhood professionals.

Through interactive workshops, a campus tour, a career panel, and a college-and-career resource fair, students will explore what it means to pursue a future in early learning. The symposium offers real-world insight into career pathways, teaching practices, and postsecondary opportunities—all within a setting that celebrates the power and impact of early childhood education.
